The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Faiss and Spring Valley Parks Lighting Improvement Project in Fiscal Year 2027. The entity to receive funding for this project is Clark County, NV, located at 500 S. Grand Central Pkwy. Las Vegas, NV 89155. The funding would be used to replace existing outdoor lighting systems at Wilbur & Theresa Faiss Park and Spring Valley Community Park with high-efficiency LED lighting. The project is an appropriate use of taxpayer funds because it represents a targeted investment in aging public infrastructure at two heavily used community parks. Existing lighting systems at both facilities are energy-inefficient and increasingly difficult to maintain due to aging components and rising replacement costs. Converting these systems to modern LED technology will significantly improve reliability while reducing operational expenses. This will ultimately improve public safety, increase reliability, and reduce long-term energy and maintenance costs.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Susie Lee".
