The Honorable Rosa DeLauro

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Las Vegas Neighborhood Road Safety Program in Fiscal Year 2027. The entity to receive funding for this project is the City of Las Vegas, located at 495 S. Main St Las Vegas NV, 89101. The funding would be used to support the installation of speed humps on residential and collector roadways to address speeding, cut-through traffic, and unsafe driving behavior as part of the City's Neighborhood Transportation Management Program, which focuses on reducing excessive vehicle speeds on neighborhood streets through targeted, low-cost traffic calming treatments. The project is an appropriate use of taxpayer funds because locations will be selected using data-driven criteria and implemented across all six City wards, with emphasis on areas experiencing high speeds and frequent conflicts involving pedestrians and cyclists.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Susie Lee".
