The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for UNLV – Quantum Science Infrastructure in Fiscal Year 2027. The entity to receive funding for this project is the University of Nevada Las Vegas, located at 4505 S. Maryland Pkwy, Las Vegas, NV 89154. The funding would be used by the University of Nevada Las Vegas to acquire and fabricate state-of-the-art equipment to establish a robust infrastructure foundation for Quantum Science and Technology (QST) research, addressing critical gaps in campus capabilities. The project is an appropriate use of taxpayer funds because the new equipment will provide students and researchers with access to cutting-edge experimental platforms, strengthening grant competitiveness and accelerating faculty and student success while advancing fundamental science, national technological competitiveness, and local workforce development.

The project has a federal nexus because the funding provided is for purposes authorized by 15 U.S.C. § 272(b)(11).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Susie Lee".
