U.S. House of Representatives  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Vision Zero School Safety Implementation Program in Fiscal Year 2027. The entity to receive funding for this project is the City of Las Vegas, located at 495 S. Main St. Las Vegas, NV 89101. The funding would be used to implement proven, federally recognized safety countermeasures that reduce conflicts, slow vehicle speeds, and improve accessibility near schools as part of the City's Vision Zero Action Plan. The program will implement infrastructure and operational safety countermeasures identified through data-driven School Safety Audits to improve safety, accessibility, and connectivity for students, families, and school staff traveling by foot, bicycle, and other modes. The project is an appropriate use of taxpayer funds because requested funds will advance projects from planning to construction by installing federally recognized safety countermeasures that regulate, warn, and guide all roadway users. Such countermeasures include short-term improvements, such as signage, pavement markings, and sight visibility enhancements, and medium- and long-term improvements, such as pedestrian crossing upgrades such as curb bulb-outs, speed tables, Rectangular Rapid Flashing Beacons (RRFBs), and median treatments for access control. Investments will be focused on schools with the greatest demonstrated need, including those located near the High Injury Network and within communities of concern.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Susie Lee".

Susie Lee  
Member of Congress
